

REMARKS

Examiner noted in his September 20, 2006 Office communication that claims 22-38 are allowed, subject to two informalities. Applicants have corrected claim 22, line 12, to read "... workstations disposed on opposite side of said path. . ." as requested in Examiner's comments. Claims 18-21 directed to a non-elected invention have been canceled.

In light of this amendment, all of the claims now pending in the subject patent application are deemed allowable. Thus, the Examiner is respectfully requested to allow all pending claims.

Respectfully submitted,

Richard B. O'Planick – Reg. No. 29,096
